## Terms & Conditions

**TO PROSPECTIVE BUYERS:** You will be bound by the terms and conditions of this sale, as detailed on this page. Please read and be familiar with them!

- ◇ Please obtain a buyer's number at the office prior to the auction. You must have a buyer's number in order to purchase horses. A driver's license or some other form of positive identification will be required. Sale management reserves the right to refuse buyers.
- ◇ The order of the auction may not be consecutive with the corresponding numbers of each horse as listed in the catalog.
- ◇ The highest bidder will become owner. If any dispute arises between bidders, sole authority is reserved by the auctioneer to settle the dispute, as he sees fit. His decision shall be final, and he also reserves the right to reject any or all bids. Horses are offered for sale according to Missouri law, and sellers reserve the right to bid in this sale.
- ◇ Title passes to buyer at the fall of the hammer, at which time buyer assumes all expense, risk and responsibility for the horse, but no loading or delivery will be made until final settlement and payment has been completed. Delays in removing horses from the sale site must be approved by sale management. The buyer must make arrangements for the care, loading, and delivery of horse(s) not taken on sale day. Halters will be provided by seller, but lead ropes must be provided by buyer.
- ◇ All accounts must be paid (in U.S. funds) immediately following the sale, via cash or personal check with valid ID. WE CANNOT ACCEPT PAYMENT BY CREDIT CARD.
- ◇ Unless the certification is pending, a copy of the registration paper will be provided to the buyer of each horse. Horses registered with the American Quarter Horse Assoc. (AQHA) are subject to a \$15 transfer fee, which will be assessed to the buyer along with awarded bid payment.
- ◇ Transfers for cash payments will be given to the buyer immediately after the sale. Transfers for check payments will be held until bank deposit is cleared, a process that normally takes two weeks. Upon completion of transfer, registration papers will be sent to buyer directly from AQHA. Upon receipt of registration, buyers should check the paper information for each horse purchased and report any discrepancies directly to AQHA.
- ◇ All horses will have papers showing a negative Coggins test. Out-of-State health papers are the responsibility of the buyer.
- ◇ The sale management, auctioneer and employees act as agents for the seller, but assume no liability for either buyer or seller. Any representations made by the sales management are made on behalf of the seller. Every effort has been made to ensure correctness of the catalog, but sellers assume no responsibility for errors or omissions. In case typographical or other errors are discovered in the printed sale catalog, efforts will be made to have the auctioneer announce them. Buyers are advised to pay close attention to such announcements, as statements made on sale day take precedence over printed material.
- ◇ All persons attending the sale do so at their own risk. No liability, legal or otherwise, will be assumed by the owners, sale management, Springfield Livestock Market Center sale barn, nor any other person connected with the sale, for any accidents to persons or property that may occur.

### Welcome to our 7th Annual Production and Invitation sale!

We are pleased to offer THE BEST EVER selection of horses from our ranch and several local breeders for your inspection. We are committed to providing an honest sale, complete with horses that will serve your needs in a variety of ways. We have several stock to choose from, including yearlings, young broke horses, broodmares, stallions, and ranch broke geldings and mares. This year we offer dependable working horses from our ranch, and specialty trained ranchers from around the state. Our consignors have hand-picked this year's offering to bring you quality animals that are not only vet-checked, coggins tested, and health certified, but also dignify the Quarter Horse breed.

We pride ourselves on the dispositions and quality of our horse offering. Whether you prefer a horse for ranch work or pleasure riding; cutting, roping, or reining; or overall versatility; the horses produced in our breeding program have a "willingness to please" mindset that is both dependable and performance based. This is truly represented by the "Foundation" style breeding; horses that are versatile and can be trained to work in a variety of venues, with a structure that can support the endurance required of their performance in the arena or on the ranch.

Make plans to come early to the Springfield Livestock Auction (preview starts at 11:00 a.m.). If there are any questions about the catalog or the horses, or if anyone wishes to see the horses prior to the sale, please feel free to contact the consignors. There is a great offering of yearlings, started two and three year olds, as well as good broke mares and geldings this year that will be affordable, even in today's market and economy. But even if you're just looking or are just thinking about your next riding prospect, please attend our sale the final weekend of the Ozark Empire Fair, on Saturday August 6th at the Springfield Livestock Marketing Center. We are looking forward to meeting you all and if there is anything any of our sale staff can help you with on sale day, please do not hesitate to ask. Also if you cannot make the sale, please feel free to submit a bid-by-mail using the catalog form or call on sale day to put in a phone bid at 417-770-7701 or 7702.

Again, we appreciate consideration of our horses, and are certain that you will be pleased with your purchases. On behalf of the Sherman Family and the consignors,

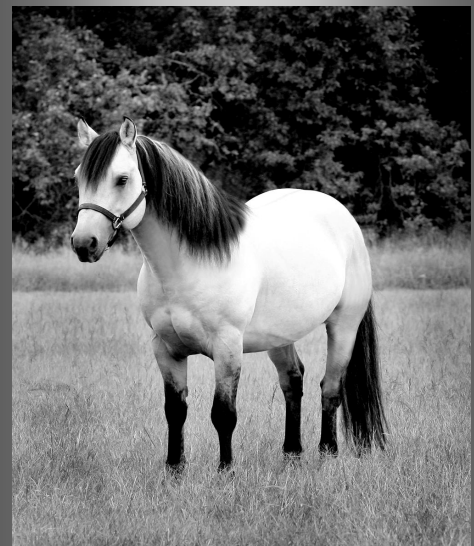

THANK YOU FOR YOUR PATRONAGE!

## Landrith Quarter Horses

### Home of Cee Dat Booger

1994 Bay Roan Stallion

(The Cee Booger Red son with the performance dam, Ann's Lucy Bar)

**Thanks to River Bluff for inviting us back to participate in their annual sale.**

Landrith Quarter Horses is part of a diversified operation owned by Mike and Brookka Landrith. We are a livestock operation, a stocker operation, a cow/calf unit where we produce and market show steers and heifers to several states, a guided hunting operation and, of course, our horse operation.

Horses are an important part of our operation. We do all the cattle work from horseback. It's easier on the cattle and safer for the hands. Keeping the operation running takes a lot of good help and horses.

We are lucky to have family close who have the same interests and businesses as we do.

Darcey, our daughter, husband, Damon, and granddaughter, Darla, have their own show cattle operation, Fesmire Show Cattle. Damon has the "eye" for picking those show prospects and handles the AI while Darcey takes pictures and maintains Web sites. Darla just keeps us all in line.

Our son, Flint, lives in Salina, Kan., but comes home whenever he can to share in the cattle work and to work with his horses. He is also very talented keeping the machinery in working order.

Last September, Michael Allison joined us as a full time employee. We've watched him grow up and he had worked part-time before that. He is a former FFA State Horse Proficiency Winner and finished second in the Nation. While in college he worked for the KSU horse unit three years starting colts for them. He gained experience at an area ranch unit before joining our operation.

**The colts we have brought to this sale are ranch started and use to seeing buckbrush and creeks, big grass, coyotes and cattle. They have been rode and used in our everyday operations.**

**Take a look at these colts.**

**Any one of them could be your next champion.**
